

Weekly Reflection Progress Report

This progress report is for 2018-02-26 and covers the week between that and 2018-02-19.

Answer the following questions

1. Were you able to accomplish everything you have promised to do the previous week?

Just about everything. I finished the proposal, but I did not get that list of requested features.

Instead I notified my supervisor about it and he agreed to talk about it later.

2. Are you on Task? Or are you behind? Why and why not.

I am definitely on task; I was the only one on the Monday meeting with a proposal and I got enough feedback to be able to do a very good job of the proposal next week.

3. What have you done for your senior project all week?

I finished the proposal and wrote some code to test out an idea I had for the interface of the web portion of my project.
