

Weekly Reflection Progress Report

This progress report is for 2018-04-30 and covers the week between that and 2018-04-23.

Answer the following questions

1. Were you able to accomplish everything you have promised to do the previous week?

I was able to accomplish everything and more. I pretty much finished the main programming for everything, anything else is minor bug fixes or features I think should still be in there.

2. Are you on Task? Or are you behind? Why and why not.

I am on task, I think I have enough time to officially finalize this version of all the software and get the report or presentation started.

3. What have you done for your senior project all week?

I finished the edit user page and the settings page. I also fixed a few small bugs here and there. Overall I pretty much finished the programming side of the senior project.

3.1. Websites: Identify the websites you visited for your literature review.

3.2. Citations: Cite the articles, books, journals you investigated for your senior project.

No articles, books, or journals were referenced yet.

4. What do you plan on accomplishing for next week? List at least two items.

I plan to add some minor features that I think should be in there for the presentation and work on minor bugs that might pop up. I also want to get started with the report and presentation.
