

Weekly Reflection Progress Report

This progress report is for 2018-05-14 and covers the week between that and 2018-05-07.

Answer the following questions

1. Were you able to accomplish everything you have promised to do the previous week?

I was kind of able to do what I said I'd do. Instead of working on the report, I worked on the presentation. But I did find 2 journal articles that I can throw into the report.

2. Are you on Task? Or are you behind? Why and why not.

I would say I am on task because at this point all I really have to do is write the report and I have about half a month to do it.

3. What have you done for your senior project all week?

I've made the presentation and thought about the report. I'm also working on getting the presentation demo set up.

I plan on getting more journal articles and working on that report.
