Weekly Reflection Progress Report

This progress report is for 2018-02-19 and covers the week between that and 2018-02-12.

Answer the following questions

1. **Were you able to accomplish everything you have promised to do the previous week?**

   I was not able to accomplish everything that I wanted to do the previous week. I said I would write the proposal, get written permission from my organization to do the project, and get some requested features for the project. I did get written permission, didn't get requested features, and started but did not finish writing the proposal.

2. **Are you on Task? Or are you behind? Why and why not.**

   I would say I am on task even though I didn't finish everything. The proposal took longer than I expected and I have a lot of time. I am also fairly focused on getting everything done, I simply have to reevaluate the time scale that I'm working on.

3. **What have you done for your senior project all week?**

   I've started doing research to see the best way to make the API for the server software, I've also been writing the proposal as formally and detailed as I can.

   3.1. Websites: Identify the websites you visited for your literature review.

   No websites were referred to at this point.

   3.2. Citations: Cite the articles, books, journals you investigated for your senior project.

   No articles, books, or journals were referenced yet.

4. **What do you plan on accomplishing for next week? List at least two items.**

   I plan to actually finish the proposal and get those requested features.
